workshop limit is achieved. First
come, first served.*

*Individual Membership: \$25/year
Institutional Membership: \$100/year*

2008 – 2009 PROFESSIONAL DEVELOPMENT

WORKSHOP SERIES FOR ART EDUCATORS

A series of professional
development workshops for
visual art teachers. Presented
through SCALA and Eastern
Suffolk BOCES Arts-in-Education

Workshops Offered 2008 – 09 Series

Art Therapy

Theresa Dunnells

How do these two distinctive disciplines blend together? Art Education and Art Therapy share theories and philosophies on child/adolescent development, cognition, behavior, and artistic maturity. Together, these two disciplines create a positive learning experience for the students, often increasing insight, self expression, self esteem and self reflection. Examine and experience art education lessons from an art therapist's perspective and re-discover the joy of expression.

November 20, 2008

4:30 – 7:30 p.m.

BOCES Brookhaven Tech. Ctr.

Bellport, NY

NYSLS# 1, 2, 3, 4

Art Traveler Online Workshops

Janice McLachlan

Travel the Internet in search of motivating Visual Art experiences to bring back to your classroom. Immerse your students with rich discipline-based learning experiences that will shape their views on a world of Art Appreciation. Teachers will be exposed to a wide variety of curriculum activities to enhance their individual journey. This is a hybrid course appropriate for all teachers K-12. Participants will meet the first and last hour at the Eastern Suffolk BOCES in Bellport for this exciting 6-hour virtual experience.

This course will be available upon registering at www.geocities.com/analyzeart

December 2 & 18

BOCES Brookhaven Tech. Ctr.

Bellport, NY

NYSLS 1, 3, 4

Glass Fusing

Eileen McIntyre

Learn the process of glass cutting and production of glass fused pieces to create various forms of jewelry. Create at least 3 finished pieces.

Materials fee: \$25

Maximum 10 students

Date: December 1 and December 8

BOCES Brookhaven Tech. Ctr.

Bellport, NY

NYSLS# 1, 2, 3

Unique Tile Designs

Julianna Kirk

Create your own "object d'art" through the exploration of glass fusing techniques. Discover the fascinating interplay of the reflective and refractive properties of art glass.

Develop art lesson plans to be utilized with a ceramic kiln.

Maximum 10 students

January 15 & 22

4:30 – 7:30 p.m.

BOCES Brookhaven Tech. Ctr.

Bellport, NY

NYSLS# 1, 2, 3, 4

Why Art? Transference and Art Ed in the 21st Century

Catherine Knight

Educational transference occurs when a student is able to demonstrate a deeper understanding of another content area as a result of learning in the art room. This workshop will combine painting on silk with the concept of "transference"-an invaluable validation for art education in our 21st century schools. Materials fee: \$10-Maximum 12 students.

February 12, 2009

4:30 – 7:30 p.m.

Commack Middle School

Commack, NY

NYSLS# 1, 2, 3, 4

Creative Process and 3D

John DiNaro

Explore the possibilities that are unleashed as you move through the creative process. Learn how to push your students outside the box as you use wood as your own artistic material.

March 19 & 26, 2009

4:30 – 7:30 p.m.

BOCES Brookhaven Tech. Ctr.

Bellport, NY

NYSLS# 1, 2, 4

Positive/Negative Metal Sculpture

Jacqueline DuBarry

Learn to create a metal hanging sculpture using copper and wire while incorporating the concept of positive and negative shape into a 3-D design. You will explore how to plan to use metal with a class of 30 students keeping safety as focus.

April 16, 2009

4:30 – 7:30 p.m.

BOCES Brookhaven Tech. Ctr.

Bellport, NY

NYSLS# 1, 2, 3

Student Art Show Seminar

Grace Barrett/Lori Sopp

6 hour in-service course

Work the SCALA Student Art Show by learning how to take in artwork, catalogue, design and hang the show at Brookhaven Town Hall on May 28th. Students, art teachers and families view the show for evaluation, feedback and take down.

May 28 and June 12, 2009

Brookhaven Town Hall

Farmingville, NY

NYSLS# 2, 3
